

Breathe easy, your pet is receiving the best care

- Take comfort in knowing that our distinguished, professional, technical and administrative support teams have an excellent reputation for quality care and communication.
- We use state-of-the-art equipment and gold standard diagnostic methods.
- Our veterinarians are all board-certified in Ophthalmology.

Peace of Mind

Your veterinarian trusts our team to provide specialty care for your pet – and you can trust us too. Why?

- Your pet will be in the care of a dedicated, experienced medical team, including veterinary specialists, certified technicians and office staff.
- You and your pet will be greeted warmly and given personal attention.
- You will be guided through the process of specialty care.
- You will receive regular updates on your pet's status.
- You can call us with questions during business hours – before, during and after your visit.

Count on us for regular updates and guidance

After your pet's visit, our findings and recommendations will be communicated to you and your veterinarian. If your pet is admitted to Animal Eye Center of New Jersey, his or her condition will be communicated to your veterinarian and you – before and after the procedure(s).

When your pet is discharged from the Animal Eye Center of New Jersey, you and your veterinarian will receive written instructions including a summary of the patient's visit, diagnosis and follow-up care. We will review these with you to make sure everything is understood, and our staff will answer your questions during hospital hours once your pet is back home.

Animal Eye Center of New Jersey

Our Mission

To provide pets with the highest level of medical specialty care, and to treat our patients and their families with compassion and respect.
