Dear Referral Colleague,

We are proud to announce that The Veterinary Referral Centre of Little Falls has been renamed the Animal Eye Center of New Jersey. The practice, under the direction of Michael H. Brown, DVM, MS, Dip ACVO is a partner of Animal Emergency and Referral Associates in Fairfield, and is devoted exclusively to both the in-patient and out-patient ophthalmic treatment of dogs, cats and other animal companions. This restructuring is in response to the significant increase in the number of pet patients requiring these specialized services.

As part of the transition, the practice is pleased to welcome Joshua Seth Eaton, VMD who will join Dr. Brown and Bradford J. Holmberg, DVM, MS, PhD, Dip ACVO in September. Dr. Eaton is a magna cum laude graduate of the University of Pennsylvania, School of Veterinary Medicine, and joined the ophthalmology service at the University of California-Davis as a resident in August 2006. His clinical interests include corneal therapeutics, neuro-ophthalmology and intraocular surgery.

It continues to be our goal to provide you, the primary care veterinarian, with the best referral option when your clients and their families require superior state-of-the-art ophthalmic treatment.

We appreciate and thank you for your past and ongoing support, especially as we reach this significant milestone in the growth of the practice.

Sincerely,

Michael Palescandolo, DVM, Chief of Staff
Animal Emergency and Referral Associates
