

AERA Communication Portal

We are pleased to introduce the AERA Communication Portal, which will provide an easier, more streamlined approach to referring patients and staying in contact along the way.

What is the AERA Communication Portal?

The AERA Communication Portal will enable your practice to submit referrals by logging in to a secured area of our website and entering important details about your referral. Use the same referral portal link and login whether you are referring to Animal Emergency & Referral Associates or Animal Eye Center of New Jersey. Once your account is created, you will also begin receiving your patients' reports from us via email and fax.

How do I refer a patient through the communication portal?

Step 1

Visit <https://www.animalerc.com/communication-portal/> or click "Access AERA Communication Portal" in the Veterinarians section of animalerc.com

Log in using your hospital's shared credentials
